

# PURE AIR AND IMPURE AIR

The Air is so Pure.  
I am feeling so fresh.  
Do you feel the same?

Pure Air

Impure Air

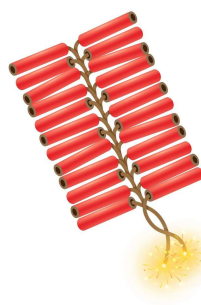

When people burn unwanted things, air becomes impure.

RUBBER TYRES

TRASH

CRACKERS

FOREST FIRE

- ◆ Dust, smoke and harmful gases make air impure and make us sick. We should avoid burning things.
- ◆ We should grow more trees as trees clean the air and make it pure.
- ◆ I am very sorry for polluting the air.

Well Done !
